In this authoritative study, Janet and Stewart Farrar discuss the principles underlying all spells and explain why a successful spell is usually composed of three elements: intent, visualization, and will-power. Careful at all times to observe the basic rules of responsibility - that a spell should never intend anyone harm or manipulate anyone against their will - this is a comprehensive guide to ways of effective spell-casting. This book covers all aspects of spell-making - including psychic self-defence, sex magic, cabalistic magic, and talismans. There is a generous collection of actual spells, past and present, drawn from history, literature, folklore, old grimoires, and the years of experience of the authors. Spells of love, healing, problem-solving, weather, and binding combine in this unique addition to the literature on magical working. Paperback. Condition: Good. The book is also of enormous practical value in discovering and celebrating the transforming love of the Goddess. The Witches' Goddess falls into three main sections. Part I reveals the many faces of the Goddess: her presence throughout history, her Earth and Moon symbolism, her Madonna and Magdalene disguises, her revelation in Woman and her influence today. In Part II, the Farrars share detailed Craft rituals for involving the Goddess in thirteen of her many aspects from Ishtar to Isis, from dark Hecate to Aphrodite. Part III is an alphabetical listing of more than a thousand goddesses of the world, giving a brief history and the main correspondences for each. All three sections have helpful line drawings and diagrams in addition to the photographic illustrations accompanying the text. The Witches' Goddess is an invaluable contribution to the literature on the Goddess principle, written at a time when that principle is inspiring or disturbing Western thought more than it has for many centuries. Soft cover. Condition: As New. 1st Edition. 319pp; Index. Contents clean, tight, unmarked. No library stamps; no ownership name or bookplate. No writing or highlighting.
